**Re: Skretvedt v. DuPont Company, et.al., C.A. 98-61 (MPT);
Joint Stipulation of Parties for extension of time beyond
July 15, 2005, in which to complete discovery; Order;
Withdrawal of Deposition Notice for July 14, 2005 of
DuPont witnesses; Deposition per Rule 30(b)(6)**

Dear Judge Thyng:

Due to the complications of information sought and unavailability of witnesses being considered for deposition this date, the parties, through counsel, have mutually agreed and Stipulated that the current deadline for discovery needs to be extended to September 2, 2005, in order to provide a fair and mutually acceptable opportunity for submission of data and responses thereto. I therefore submit this letter request via e-filing for a Stipulation of extension along with an Order reflecting the advancement of dates for briefing, response, and reply consistent with the Court's prior Order, subject to approval of the Court.

Also to be submitted via e-filing is a Withdrawal of Notice of Deposition previously Noticed for July 14, 2005, and a new Notice of Deposition per Rule 30(b)(6) seeking a response from DuPont Company as deponent via agents, managers, and the like. The parties have appreciated the Court's past considerations and request further flexibility as needed to resolve factual matters.

Magistrate Judge Mary Pat Thyng
